

RESTORE, REINVEST AND RENEW (R3)

PROGRAM ANNUAL REPORT | 2023

JULIANA STRATTON
OFFICE OF LT. GOVERNOR

Letter from Lieutenant Governor Juliana Stratton

During the R3 Program's inaugural year, we faced unprecedented challenges while navigating the implementation of a groundbreaking program to address generational harm caused by the war on drugs. Meanwhile, the COVID-19 pandemic exacerbated inequities across Illinois and shifted the R3 Program Board (the Board) decision-making process to center the needs of disinvested communities. On January 21, 2021, the Board awarded \$31.5 million in grant funding to 80 organizations and their collaborative partners. Funded programs offered evidence-based and innovative restorative practices within the R3 Program's priority areas of civil legal aid, economic development, reentry, violence prevention, and youth development.

On June 22, 2022, the second round of R3 Program funding granted \$45 million to 148 agencies focusing on service delivery, community planning, and capacity building. Since embarking on our partnership, we have introduced various summer violence prevention funding opportunities and created sustainability for service providers to continue programming for up to three years. In total, we have invested approximately \$244 million to deliver transformational justice to communities across Illinois.

As Chair of the R3 Program Board, I would like to thank my fellow Board members, Delrice Adams, Executive Director of the Illinois Criminal Justice Information Authority (ICJIA) and her team, and the Justice, Equity, and Opportunity (JEO) Initiative within my office for their steadfast leadership and focus in fortifying the infrastructure required to ensure equitable access to state grant funding. I would also be remiss if I didn't mention that this work would not have been achieved without the wisdom and collaboration of the communities that have been impacted the most.

As we prepare for the third round of R3 Program funding, we continue to prioritize supporting small organizations and community groups working directly with individuals. In January 2023, ICJIA launched a new capacity-building hub entitled the Institute 2 Innovate (i2i). The R3 Program will require more enhancements to ensure organizations of all sizes have the tools to access and submit a successful application. It is my esteemed honor to lead the charge as we create a model for the nation. Together, we can create equitable practices to address decades of disinvestment, over-incarceration, and trauma caused by the war on drugs.

Respectfully,

Juliana Stratton
Lieutenant Governor of Illinois
Chair of the Restore, Reinvest, and Renew Program Board

I. Legislative Background

The Illinois 100th General Assembly passed the Cannabis Regulation and Tax Act (CRTA) during the 2019 legislative session. Governor JB Pritzker signed the CRTA into law on June 25, 2019, legalizing adult-use cannabis in Illinois on January 1, 2020. The Act also established the Restore, Reinvest, and Renew (R3) Program which allocates 25% of adult-use cannabis state tax revenues to address the harm caused to communities by economic disinvestment, violence, and the war on drugs.

Per the statute, funds appropriated for R3 Program grants are required to address at least one of the following priority areas: economic development, violence prevention, youth development, reentry, and civil legal aid. On January 13, 2020, a working group of research experts from around the state identified eligible neighborhoods for R3 Program funding based on rates of gun injuries, child poverty, unemployment, and incarceration in those areas. In their final analysis, these experts examined data provided by state agencies and the U.S. Census Bureau. The eligible communities amounted to approximately 500 census tracts in Illinois. Of the eligible census tracts, 48% were designated as “high need,” indicating that these census tracts fell in the top quartile of the above indicators.

II. R3 Program Board

In collaboration with the Illinois Criminal Justice Information Authority (ICJIA), the Lieutenant Governor's Justice, Equity, and Opportunity (JEO) Initiative oversees the administration of the R3 Program Board and funding aligned with the program. The R3 Program Board, chaired by the Lieutenant Governor, manages the program. Board members include Illinois ex-officios, elected officials, community-based providers, violence prevention experts, people who live or work in R3 eligible areas, and most importantly, people with lived experience in the criminal legal system.

Under the CRTA, the R3 Program Board's responsibilities are to:

1. Develop a process to solicit applications from eligible R3 Areas;
2. Develop a standard template for both planning and implementation activities to be submitted by R3 Areas to the State;
3. Identify resources sufficient to support the full administration and evaluation of the R3 program, including building and sustaining core program capacity at the community and State levels;
4. Review R3 Area grant applications and proposed agreements and approve the distribution of resources;
5. Develop a performance measurement system that focuses on positive outcomes;
6. Develop a process to support ongoing monitoring and evaluation of R3 programs; and
7. Deliver an annual report to the General Assembly and the Governor to be posted on the Governor's Office and General Assembly websites, as well as provide the public with an annual report on the R3 program's progress.

First convened in October 2019, the R3 Program Board has been intentional about listening to the wisdom held within communities across Illinois to guide improvements following each round of R3 Program funding. The Board expanded educational and technical assistance opportunities to prioritize smaller organizations that work directly with community members. Repairing the harm across Illinois begins with accessible and equitable practices in grant funding so organizations can submit successful applications.

a. Composition

Name (Last, First)	Position	Title
Marchiori, Ray	Ex-Officio	Acting Director of the Illinois Department of Employment Security
Adams, Delrice	Ex-Officio	Executive Director of the Illinois Criminal Justice Information Authority, or their designee.
Brown, Dagene	Ex-Officio	Director of the Illinois Department of Children and Family Services, or their designee.
Representative Gordon-Booth, Jehan	Ex-Officio	State Representative
Hughes, Latoya	Ex-Officio	Illinois Department of Corrections Designee
Quintero, Dulce	Ex-Officio	Secretary of the Illinois Department of Human Services
Senator Lightford, Kimberly	Ex-Officio	State Senator
Dr. Janice Phillips	Ex-Officio	Designee for Illinois Department of Public Health
Mueller, Heidi	Ex-Officio	Director of Juvenile Justice, or their designee.
Perez, Christelle	Ex-Officio	Attorney General, or their designee.
Estrada, Rebecca	Ex-Officio	Illinois Department of Commerce and Economic Opportunity Designee
Lieutenant Governor Stratton, Juliana	Ex-Officio, Chair	Lt. Governor, or their designee.
Representative Windhorst, Patrick	Ex-Officio	State Representative
Arthur, Jalon	Member	Community-based provider or community development organization, within Cook County.
Crowder, Donna	Member	Community-based provider or community development organization, outside of Cook County.
Hubbard, Michael	Member	Community-based provider or community development organization, outside of Cook County.
Puente, Sylvia	Member	Community-based provider or community development organization, within Cook County. Also has immigrant population experience.
Dr. Bocanegra, Kathryn	Member	Expert in the field of violence reduction.
Chamberlain, Marlon	Member	Formerly Incarcerated -- Over 24 years of age.
Little, Bethany	Member	Formerly Incarcerated -- Over 24 years of age.
Montoya, Anthony	Member	Formerly Incarcerated - 17-24 years of age.
Mayor Ali, Rita	Member	Mayor of Peoria - Public official of a municipal geographic jurisdiction in the State that include an R3 Area, or their designee.
Mayor McNamara, Tom	Member	Mayor of Rockford - Public official of a municipal geographic jurisdiction in the State that include an R3 Area, or their designee.
Clerk Valencia, Anna	Member	City Clerk of Chicago - Public official of a municipal geographic jurisdiction in the State that include an R3 Area, or their designee.
Alderman Hall, William E.	Member	Public official of a municipal geographic jurisdiction in the State that include an R3 Area.

b. First Round Developments

R3 Program Board Approves Development of Equitable NOFOs

On March 3, 2020, the R3 Program Board voted to approve the development of equitable Notice of Funding Opportunities (NOFOs) based on the recommendations of the Grantmaking Working Group. The two separate R3 Program NOFOs included:

- **Service Delivery:** Funding organizations that provide direct services in one or more of the five R3 Program priorities.
- **Planning and Assessment:** Funding organizations to develop strategy for service grants in one or more of the five R3 Program priorities.

R3 Program Board Approves First Round NOFOs

On May 18, 2020, The R3 Program Board voted to approve the public release of two NOFOs. ICJIA and the Office of the Lieutenant Governor executed a statewide outreach effort as early as January of 2020 for organizations to be made aware of the R3 Program grant opportunity. Due to the COVID-19 pandemic's onset in March of 2020, the agencies pivoted to conduct the robust community engagement strategy virtually, ensuring equitable access through the following avenues:

- **[R3.illinois.gov](https://www.R3.illinois.gov):** ICJIA created a website to centralize all information relating to the R3 Program.
- **Townhalls with Legislators:** The Office of the Lieutenant Governor conducted outreach to legislators to notify them about the R3 Program grant opportunity and requested that they share the information with their constituents. In partnership with ICJIA, Lieutenant Governor Stratton and the JEO Initiative hosted and participated in several virtual townhalls with legislators to discuss the R3 Program and answer questions from attendees.
- **Technical Assistance:** ICJIA hosted virtual technical assistance trainings developed for organizations interested in applying for the R3 Program as well as other state funding opportunities. There were over 500 attendees to these trainings.
- **Community Meetings:** In partnership with ICJIA, Lieutenant Governor Stratton and the JEO Initiative hosted several virtual community meetings to promote the R3 Program to potential applicants and answer questions from attendees. The community meetings were attended by hundreds of individuals across the state.

R3 Program Board Awards \$31.5 Million in Grant Funding

On January 21, 2021, the R3 Program Board voted to award \$31.5 million in grant funding to 80 organizations and their collaborative partners. On average, less than 100 applications are received for any grant opportunities managed by ICJIA. The R3 Program received over 400 unique applications during its inaugural year. Holistic community engagement, technical assistance, an extended deadline, and a need for community healing resulted in a staggering number of R3 grant applications.

R3 Program Board Increases for Collaborative and Designates Summer Violence Prevention Pilot Program Funding

On May 7, 2021, the R3 Program Board voted to increase grant funds for the collaboration between Comprehensive Community Solutions, Inc. and Beautiful Beginnings. This collaborative originally received a fraction of the funding that they requested. ICJIA worked through the budget and program design of the organization and found that only one component of the collaborative would be viable with a reduced award, which would defeat funding purposes. Additionally, the Board designated \$3 million in funds for a summer violence prevention pilot program.

R3 Program Board Increases Summer Violence Prevention Pilot Program Funding, Approves Pilot Program Grantees, and Extends Funding for Qualified First Round Awardees

On June 24, 2021, the R3 Program Board voted to increase summer violence prevention pilot program funds from \$3 million to \$11 million. The Board then voted to approve 21 organizations outside of the original R3 Program grant recipients for the pilot program funding. Moreover, the Board extended funding for qualified first round grantees to have continuous funding throughout the summer of 2021 and summer of 2022.

c. Second Round Developments

R3 Program Board Establishes NOFO Working Group and Grants ICJIA Permission to Release Another NOFO

On September 15, 2021, the R3 Program Board voted to establish the R3 Program NOFO Working Group. The Board voted to approve the NOFO fact sheet granting ICJIA authority to release a 2nd NOFO.

While the first round of funding incorporated equity, the second round of grant funding would add additional equity considerations, such as:

- Incorporating in the merit-based review and clearly identifying in the NOFO a new equity score card giving an additional 10 points to organizations that demonstrate equity in their staffing or service provisions.
- A new tiered application process aimed at increasing access to smaller, hyperlocal organizations (Tier 1 organizations had operated for less than two years, Tier 2 organizations had been in operation for less than two years with an annual budget of less than \$2 million, and Tier 3 organizations had been functioning for more than five years with a budget of more than \$2 million); and
- Enhanced technical assistance efforts and a statewide outreach plan to assure information and access was granted to organizations statewide.

R3 Program Board Approves Development of Equitable NOFOs

On October 25, 2021, the R3 Board approved two separate R3 program NOFOs for the second round of R3 grants:

- Service delivery NOFO to fund organizations who provide direct services in one or more of the five R3 program priorities.
- Planning and capacity-building NOFO to fund community planning processes in R3 areas and/or assist smaller or newer organizations in building their organizational capacity.

Second Round NOFOs are Released

On December 15, 2021, Governor JB Pritzker, Lieutenant Governor Juliana Stratton, and ICJIA Director Delrice Adams announced the release of the second R3 Program NOFOs at a press conference in Chicago's South Lawndale community.

R3 Program Board Convenes for First Quarterly Meeting

On January 31, 2022, the R3 Program Board convened and received a presentation from ICJIA about first round grant extensions, second round funding updates, and a timeline of the R3 Program. The presented information came as a result of ICJIA hosting live webinars with over 200 people in attendance. The webinars provided information covering budget creation, collaborative applications, and the AmpliFund system, as well as performance goals and outcomes. Recorded technical assistance sessions were made available on the R3 website for individuals who were not able to attend the live webinars. ICJIA described how it cultivated its NOFO reviewer pool, which included volunteers that live in R3 communities, program stakeholders, and others who work across the criminal legal system.

R3 Program Board Convenes for Second Quarterly Meeting

On June 7, 2022, the R3 Program voted to provide additional funding for first round grantees. The \$4.4 million in summer violence prevention funds were made available for 27 organizations to expand existing programs. The service delivery NOFO addresses youth development, violence prevention, and reentry services. Lieutenant Governor Stratton noted that an additional meeting had been scheduled for the Board to discuss and vote on the proposed grantees for the second round of R3 Program funding.

R3 Program Board Awards \$45 Million in Grant Funding

On June 16, 2022, the R3 Program Board voted to approve recommended applicants for the R3 Program's second round of funding awards and distributions. On June 22, 2022, ICJIA announced the award of \$45 million in grant funding to 148 organizations and their collaborative partners. ICJIA received 512 completed applications for its second round of funding. Grassroot organizations with operating budgets of less than \$2 million were prioritized during this round to encourage equitable access to funds, in addition to the tiered approach where similarly sized organizations competed amongst each other. [This priority helped level the playing field with larger, more established organizations that are heavily resourced compared to the smaller emerging organizations.

R3 Program Board Extends Funding for Qualified First Round Grantees and Increases Funding for Qualified 2nd Round Grantee

On October 27, 2022, the R3 Program Board voted to extend first round funding for R3 Program grantees into a 3rd and final year program period. Language in the initial NOFO allowed for annual grant extensions of up to two years, for a total of 36 months of funding support, the maximum allowed under the Grant Accountability & Transparency Act. Funding extensions for first round grantees were contingent upon the terms of their contractual agreement and satisfactory meeting their performance measures.

R3 Program Board Establishes Eligible Areas Working Group

On January 18, 2023, the R3 Program Board voted to establish the Eligible Areas Working Group to advise ICJIA on the recalculation of eligibility data pertaining to R3 Areas. Per statute, ICJIA is required to recalculate the R3 Program's eligibility data every four years, submit its analysis and identification of eligible R3 Areas to the Legislative Audit Commission, and make their findings publicly available. On an annual basis, ICJIA must indicate if data covering any R3 Area or portion of an R3 Area has, for four consecutive years, substantially deviated from the average of statewide data on which the original calculation was made to determine the R3 Areas, including disinvestment, violence, gun injury, unemployment, child poverty rates, or commitments to or returns from the Illinois Department of Corrections.

R3 Program Board Extends Funding for Qualified Second Round Grantees

On April 19, 2023, ICJIA presented a plan to extend grant funding and an additional 24 months to the R3 Program Board. The Board voted to extend funding for qualified second round grantees. The motion included an extension of the program period and a corresponding increase to grant amounts for an additional two years, providing consistent programmatic support for qualified organizations for the maximum 36 months allowed by the Grant Accountability & Transparency Act.

R3 Program Board Convenes for Third Quarterly Meeting

On July 18, 2023, the R3 Program Board convened. The Board received a status update relating to ICJIA's budget of \$613 million. Included in ICJIA's budget is the R3 Program, with a current budget of \$206 million. Additionally, Director Adams announced that the first cohort of ICJIA's technical assistance capacity building hub, also known as the Institute 2 Innovate or "i2i", graduated on July 17, 2023. i2i is exclusively comprised of local and grassroots organizations. Director Adams closed by requesting the participation of members in the Board's Eligible Areas Working Group, which looks at current improvements on the R3 Program's maps. Director Adams also requested recommendations for formerly system-impacted individuals to serve on ICJIA's Board. The R3 Program Board was then provided information on the legislative context of the Eligible Areas Working Group. Bob Lane, Executive Director of Jobs Partnership provided a presentation about the organization's workforce development program that is being supported by R3 funds.

R3 Program Board Convenes for Fourth Quarterly Meeting

On October 18, 2023, the R3 Program Board convened. Lieutenant Governor Stratton, Executive Director Adams, and ICJIA staff provided updates to Board members about the third round of funding and ICJIA's capacity building initiatives. The R3 Program Board's agenda also included a vote to give ICJIA the authority to release a funding opportunity in 2024. The Board was not able to establish quorum and all substantive motions were moved to the next meeting. Jonathan and Nikki Romain, co-founders of ART, Inc., presented to the Board about their organization and how R3 funding has supported programming. ART, Inc. provides after-school care, spring and summer camps, and arts workshops, as well as field trip programs, to Illinois' children and youth regardless of their ability to pay. R3 funding provided ART, Inc. with the opportunity to hire 20 youth leaders and develop its Change the Narrative initiative which educates participants on how to identify and stop engaging in harmful behaviors.

d. Third Round Developments

Over the next few months, the Office of the Lieutenant Governor and ICJIA will work in partnership with legislators, R3 Board members, and community-based organizations to execute a statewide outreach plan informing communities about the R3 Program and the technical assistance resources that ICJIA offers to help organizations successfully apply for R3 Program state grant funding. Technical assistance resources about GATA and pre-qualification for state grants can be accessed through the R3 Program's website, R3.Illinois.gov.

R3 Program Board members and attendees from the general public convened on October 18, 2023. Jonathon and Nikki Romain, Founders of Artists ReEnvisioning Tomorrow, Inc., provided the Board with a presentation on their organization and how second round R3 grant funds impacted their community.

III. Capacity Building

The ICJIA Institute 2 Innovate (i2i) Capacity-Building Program is a transformative initiative aimed at empowering hyperlocal grassroots organizations throughout Illinois. Its primary objective is to strengthen the infrastructure, enhance sustainability, and address the capacity needs of these organizations. By doing so, i2i endeavors to support grassroots organizations in maximizing their effectiveness, efficiency, and long-term impact on the communities they serve.

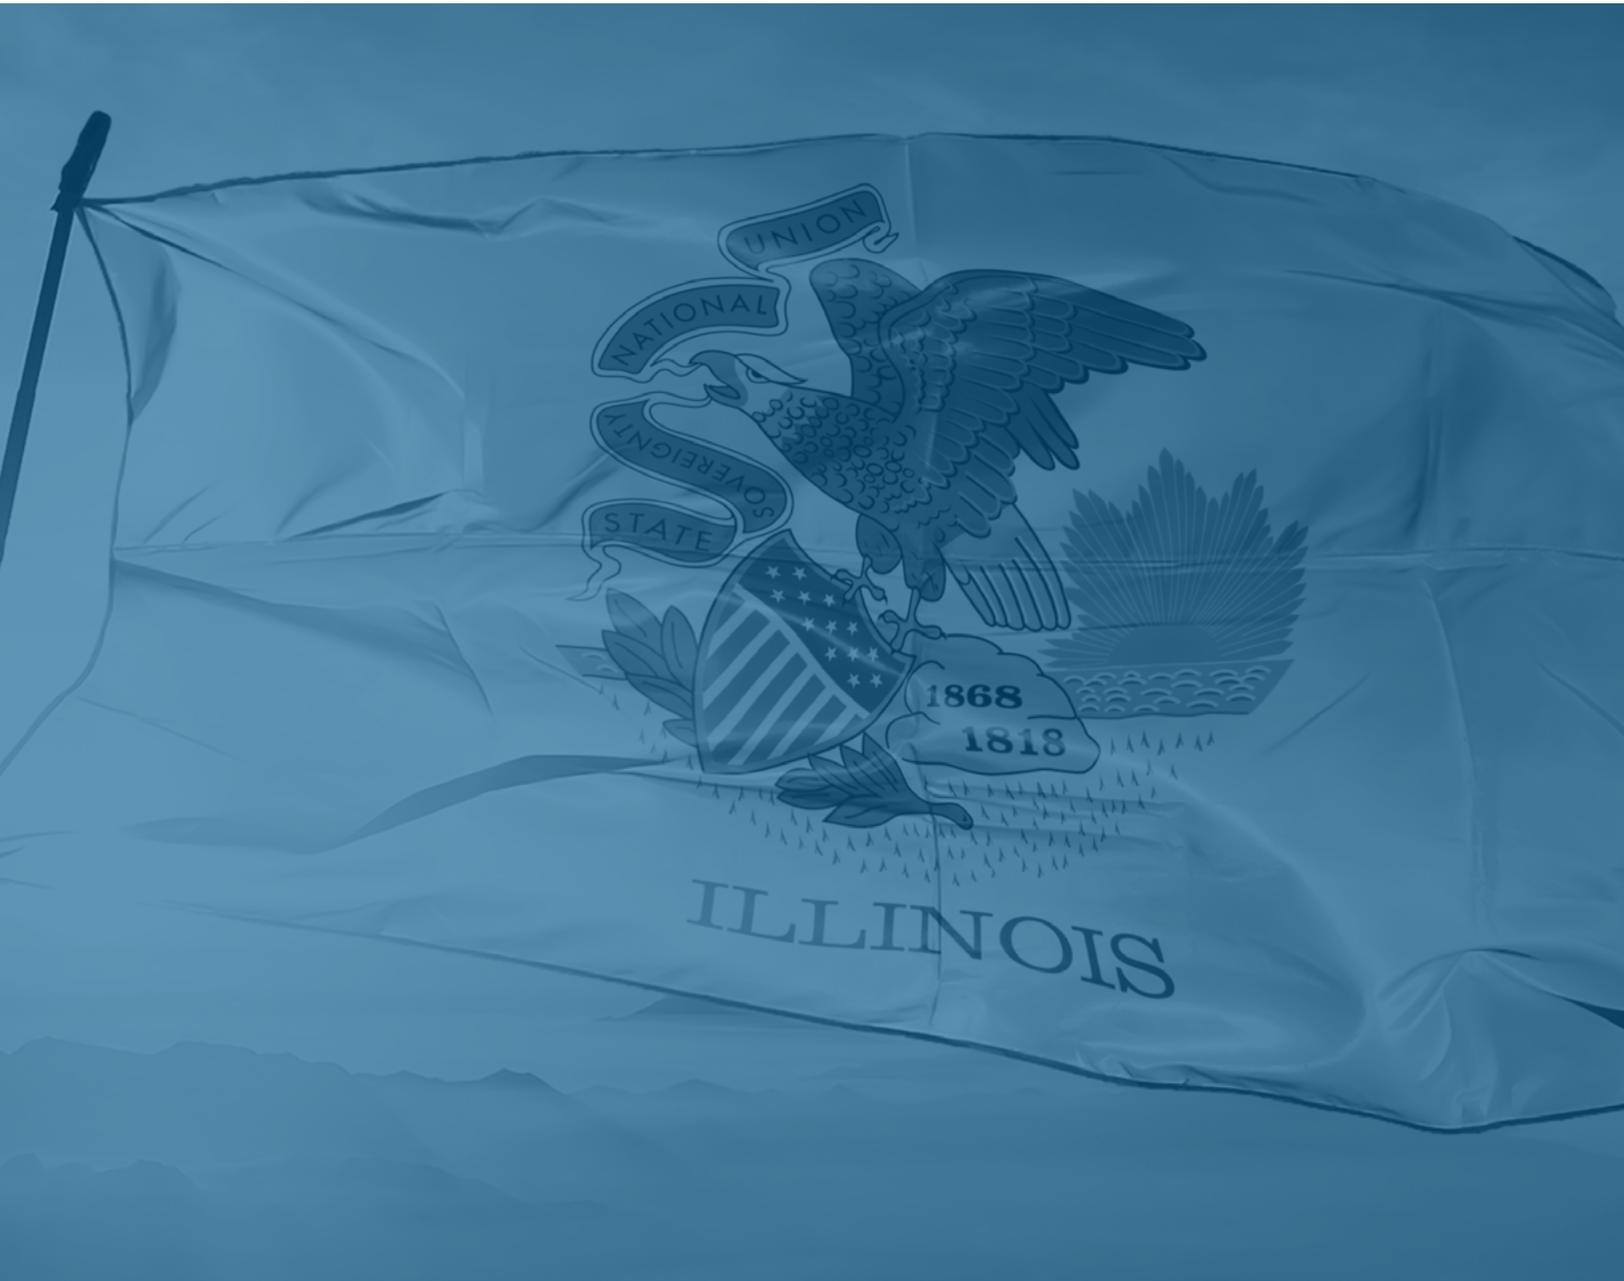

At the core of the i2i Program is a commitment to addressing the historical disinvestment that has plagued grassroots organizations in the state. These organizations, often the lifeblood of their communities, have faced capacity challenges that render them vulnerable and at risk of dissolution. i2i is actively working to support the efforts of these types of hyperlocal, new and emerging organizations, helping them bolster their capabilities for long-term organizational sustainability. This collaborative initiative directly addresses challenges identified by these organizations, such as the need for staff training, lack of experience in grant management, limited financial expertise, and time constraints, particularly in the grant application process. R3 organizations experiencing challenges may obtain a referral to an i2i grants coach who will provide another level of engagement and support. i2i coaches spend additional hours providing a hands-on approach that addresses the needs of each referred organization.

ICJIA Executive Director, Delrice Adams (center), Lieutenant Governor Stratton's Deputy Chief of Staff and Director of the JEO Initiative, Yaacov Delaney (right), and ICJIA Staff pose with i2i's first graduating cohort.

By tailoring its support to the specific needs of these organizations, i2i aims to ensure they are adequately providing community services aligned with the R3 Program Priorities. The collaborative effort demonstrates i2i's commitment to fostering the growth of emerging organizations and underscores its dedication to building a resilient network within the community. This strategic collaboration seeks to empower organizations to overcome challenges to enhance essential community service delivery.

i2i stands as a beacon of hope for community-based organizations across Illinois. By investing in their organizational capacity, i2i aims to amplify their impact, fostering thriving communities and lasting positive change around the circumstances of violence. It represents a commitment to equity, fairness, and opportunity, ensuring that grassroots organizations are empowered to continue their vital work and create a brighter future for all. The i2i Program is not merely a capacity-building initiative but a catalyst for transformation, forging a path toward a more equitable and sustainable Illinois.

IV. R3 Program Site Visits

Heaven's View Community Development Corporation

Heaven's View Community Development Corporation is a faith-based program that provides mentoring, job-readiness, and life skills training for system-impacted people. The program helps participants rewrite personal narratives and create lasting change through economic development and job placement assistance.

A Knock At Midnight, NFP

A Knock At Midnight empowers individuals, enhances life skills, and builds stronger communities through IT training, conflict resolution, and job placement sessions to help young people as well as their families. A Knock At Midnight collaborates with schools, non-profits, and community organizations to provide essential services and education.

Proviso-Leyden Council for Community Action, Inc.

Proviso-Leyden Council for Community Action provides families across Proviso and Leyden Townships, Chicago's Near West Side, and Lynwood, as well as Chicago Heights, with education, training, and support services. Their collaborative partnerships provide daycare, after-school programs, housing, mental health, and utility bill support.

College Mentoring Experience

College Mentoring Experience provides resources to help youth enter and graduate college through college tours, scholarships, tutoring, and mentorship. College Mentoring Experience partners with community, educational institutions, mentors, and volunteers to ensure participating students are prepared to not only arrive at college, but to succeed in higher education.

Friends of the Children - Chicago

Friends of the Children provides youth with an innovative mentorship program, beginning at age four and ending at their high school graduation. Friends of the Children unlocks limitless potential in youth through collaborative relationships built on trust, empathy, and effective communication. Mentoring is also available for families and continues even if they move to another part of Illinois.

Gardeneers

Gardeneers enables young people in urban communities to connect with the land. Programming such as tending to school gardens and farms teaches students the importance of agriculture, the food ecosystem, and the environmental impact on the community. Gardeneers gives youth a unique experience and knowledge about growing fresh nutrient-dense food.

Options For Youth

Options For Youth focuses on providing educational services and programs for first-time adolescent mothers and adolescent male students. Options For Youth equips youth with the knowledge to make healthy lifestyle choices, become self-sufficient, and break the cycle of poverty.

Howard Area Community Center

Howard Area Community Center provides essential resources to low-income individuals and families in Chicago's Rogers Park neighborhood and surrounding areas. Services range from job placement and educational assistance to clinical support and housing. Howard Area Community Center is committed to helping its clients become active and engaged community members.

Bridge to Freedom

Bridge to Freedom is an all-inclusive faith-based residential reentry program with a primary goal to reduce recidivism. Some of the services provided is mentorship, job readiness, and life skills training.

A Just Harvest

A Just Harvest aims to fight poverty and hunger in Rogers Park neighborhood of Chicago and the Greater Chicago area. A Just Harvest operates a community kitchen and offer various programs and services, including meal programs to combat food insecurity, community organizing initiatives, and educational activities. A Just Harvest's initiatives aim to create sustainable solutions for poverty alleviation.

BUILD, Inc.

Transforming Reentry Services helps formerly system-impacted residents in Chicago's South and West Sides. The agency offers programs such as social and economic recovery services, which aid in obtaining identification cards, securing housing, and gaining employment. Founded by Black women and system-impacted individuals, Transforming Reentry Services empowers people and rebuilds communities.

Transforming Reentry Services

Transforming Reentry Services helps formerly system-impacted residents in Chicago's South and West Sides. The agency offers programs such as social and economic recovery services, which aid in obtaining identification cards, securing housing, and gaining employment. Founded by Black women and system-impacted individuals, Transforming Reentry Services empowers people and rebuilds communities.

GRO Community

GRO Community is a specialized mental health service provider for trauma-impacted boys and men in Black and Brown communities. This organization offers social engagement classes in anger management, violence prevention, and provides housing for participants.

GRO Community's Adult Re-entry Clinical Workforce Development Program engages participants in half day sessions of cognitive behavioral therapy and screen-printing activities to develop employment skills.

Girls Inc. of Chicago

Girls Inc. of Chicago is dedicated to empowering young girls through various programs and services focused on fostering leadership skills, promoting academic success, and encouraging healthy lifestyles. Girls Inc.'s programs cover areas such as STEM education, confidence-building, and career development to equip girls with the tools needed for a successful future. Services include mentorship, workshops, and community outreach initiatives to positively impact lives.

Centro Romero

Centro Romero focuses on serving the immigrant and refugee communities. Centro Romero provide various services, including educational programs, legal assistance, social services, and community support. Centro Romero aims to empower individuals and families through education and advocacy.

Lifeshouse Recovery Organization

Lifeshouse Recovery Organization provides services to men with a special focus on veterans. Lifeshouse Recovery's programming includes physical and mental health care, housing and life skills training, substance abuse treatment, job training, and placement.

J&P Consulting Group LLC

J&P Consulting uses R3 Program funding to support the vision and dreams of entrepreneurs across Illinois. The consulting group's Pathway to Ownership (PTO) program offers start-up, emerging, and struggling entrepreneurs a place to receive guidance, network with peers, and interact with expert coaches.

Ladies of Virtue

Ladies of Virtue's program integrates culture, one-on-one and group mentoring, leadership development, and mental health support. Ladies of Virtue (LOV) has mentored over 400 young ladies throughout Chicago's South and West sides. Under the leadership of Founder Jamila Trimuel, the young ladies of LOV continue to conceive, believe, and achieve greatness

Tri-County Peoria Urban League

Tri-County Peoria Urban League improves educational, social, and economic opportunities for individuals in McLean, Peoria, Tazewell, and Woodford counties. Through economic development, Tri-County Peoria Urban League offers workforce programs on forklift operation, food handling, and GED programs to help individuals strengthen their skills to become productive in society.

Artists ReEnvisioning Tomorrow, Inc.

ART Inc provides after-school, spring & summer camp, arts workshops and field trip programs to children & youth regardless of their ability to pay. R3 Program funding provided ART, Inc. with the opportunity to hire 20 youth leaders and develop their "Change the Narrative" initiative which provides participants with the knowledge to deflect from engaging in harmful behaviors.
